Subject: I oppose the preston market redevelopment

To whom it may concern,

I have spoken with many of my regular storehouses who oppose the current redesign of the market. They are worried they will loose their stall, or costs will increase due to limited stalls being available. I am also worried that we are loosing precious open maket space which during covid has been all the more important.

Markets like preston market take years to be created, demolishing it and trying to restructure it in the way you have described will take away alot of the reasons why it is such a beloved icon.

I fully oppose the redesign, but believe a refurbishment could support the stall holders.

Sincerely
