As per below:

This submission is representative of the majority of community, council and local traders whom want the market to stay in its current footprint and in its current size. The overwhelming request is that state, federal and local govts unite to focus on public acquiring the site in the significant interest of community and traders.

Main points:

Darebin planning scheme: 15, 22, 43 & 58.

Re: 58, Overshadowing will impact on wellbeing and liveability of residents.

Theme: Overdevelopment (height and number of proposed dwellings). The lack of demand given no migration and foreign student entry. This is not a demand driven project, given population protections.

Shadowing and lack of direct sunlight will make living here undesirable.

Consultation. Lack of transparency with community reference and group consultation particularly with the elderly, people with a disability and people from non English speaking backgrounds.

Impact on trade and market operations due to insufficient truck parking and 7 day a week operations significantly jeopardising family owned businesses.

Duplicity and contradiction regarding reporting on heritage protections by supporting the destruction of two thirds of market sheds whilst claiming that it is protecting it by placing heritage order on the remaining sheds.

**I confirm that I have read and agree to the above conditions for making a submission.**

Yes

**I agree to the Collection Notice**

Yes
