Subject: Objection to changes to Preston Markets
Date: Wednesday, 2 June 2021 11:09:12 AM

Good morning,

I would like to make my objections to the proposed changes to the Preston Markets known.

The Preston markets are the heart of Preston. The unique, eclectic markets is the main reason for people from all over Melbourne to travel to Preston and is adored by all those who visit. There is an amazing variety of vendors offering the best of Victoria's products.

Turning it into some cluster of tiny, repetitive flats and reducing the size of the markets will rip the heart out of Preston and ruin the markets entirely.

Please reconsider, it's one of the few places in Melbourne that still has its charm.

Kind regards,

[REDACTED]
