Hello, my name is [REDACTED] and I am writing in response to the Preston Market Structure Plan (draft amendment C18dare).

I live at [REDACTED], Preston, and am writing as a local resident to have my public opinion acknowledged that I do not approve of the new plans for the block where the Preston Market currently is.

As someone that has grown up in this area and resided here for countless years, I have relied on Preston Market for not only a countless amount of my shopping, but also for the culture.

It is the only market of its kind in this area, the closest one similar being Queen Victoria Market, which is not readily accessible to this community.

I live only a few blocks down from the Preston Market, and am extremely concerned what over 2,000 new apartments would mean for the local traffic, that is already extremely busy on small roads, public transport, small local businesses, rent prices around this area etc.

I am saying NO to gentrification, to small businesses being shut down, increased local traffic, cheap and ugly apartment buildings, and to the end of the Preston Market as we know it.
