Subject: Preston Market Structure Plan

Hi,

I am writing to express my sadness when I read of the changes you have planned for Preston Markets. This plan completely fails to acknowledge the necessity of the markets to the culture of Preston and the cultures of the people that live within Preston. The markets have so much to offer. To remove an incredible amount of the stores and suggest that the market would be kept alive in that portion seems to be a joke. This feels like nothing but gentrification and Preston wants no part of it. We do not need another mall, with Northland a short trip up the road and the supermarket giant Woolworths across the road we have the chain options. We choose to make Preston Market the vibrant hub it is. It offers affordable, diverse options for the community. Preston does not stand behind this development.
