To whom it may concern,

I am writing with regards to the proposed development of Preston Market.

Construction of over three large residential towers located within a 30m radius of the 'Fruit and Veg shed' displays a deep lacking of cultural awareness surrounding the history and significance of the market and Preston itself. Over-development of the market and it's surrounding areas draws away from the very beauty that makes it so valuable to begin with.

Preston is a bubbling suburb that thrives on its sense of community, a rare up and coming business suburb still connected to its roots, that being, for lack of a better word, dagginess.

To turn its very heart, Preston Market, into a carbon copy shopping district like the nearby Northcote Plaza will draw away the businesses you plan to keep and attract.

As a local resident and long time nearby neighbour, I employee you to reconsider any developments, and if absolutely necessary, improve upon what is built, not over it.

Kind regards,
