To whom this may concern

I agree the market needs an upgrade but whole heartedly disagree with more high rises in the area!

We have so many existing facilities near by that are already overcrowding the area: footy field, crammers, high st etc

How absolutely concerning that more highrises are part of this plan!!! Have you seen the homeless people next to the market? Are we creating gettos of the future?

So disappointing.

How do we formally object to these plans? Northcote and Thornbury are ruined and now Preston.
