Subject: 540 doyles road Shepparton

Dear Gareth

Hope you are doing great.

I would like to submit a objection for the open space and drainage for **540 doyles road, Shepparton.**

As it reduces value of my property significantly.

Drainage reserve was going through 490 doyles road through down in the previous plan.

It got changed at the last minute.

My other business partner have submitted a objection for 580 and 592 doyles road Shepparton.

I think its taking 30%of the property which cannot have developed. which makes it non viable.

If you could please reconsider.

That will be of greatly appreciated.

Thank you

Gurjeevan Singh Sidhu
