Dear Justin

Thank you for the opportunity to comment on the Croskell PSP and ICP as part of the plans' public exhibition.

Homes Victoria is broadly supportive with the inclusion of a 12% minimum target of all housing to be social and affordable. We understand that the current policy settings don't support all of Homes Victoria's alternative wording as proposed throughout agency consultation and accept that these weren't fully adopted in the latest draft.

Homes Victoria's only feedback to the exhibited draft is of administrative nature:

- Please amend the department name within the Croskell ICP to read 'Department of Families, Fairness and Housing (DFFH)' (p. 28).

Best regards
