

Project: **Bannockburn South East Draft Precinct Structure Plan**

Submission ID	Q1. What is your full name?	Q2. What is your email address?	Q3. What is your postal address?	Q4. You can enter your submission	Date
1318478				<p>I am concerned about the traffic coming through the existing streets of Bannockburn down to the new areas. We live in Levy Rd which will become a busy thoroughfare and heading into Bannockburn onto High Street will become a bottle neck. High St is already very busy for cars entering or pedestrians trying the cross. With the school on the corner of the roundabout, that can be very slow and backed up with school traffic and at Peak times.</p> <p>I believe that the new areas of development should have another road coming from the Ballarat Rd over to Burnside road to divert the traffic from all heading through the existing township with its limited road infrastructure.</p> <p>It should be like a separate suburb with main roads coming into it.</p> <p>I am not opposed to the growth of this area but just that the existing road structure is not adequate for such a large amount of housing.</p> <p>Hopefully this has been considered in the planning, if not, the planners are very shortsighted.</p>	2025-05-25 13:34:49
