1325556				<p>As current homeowners in the Glen Avon estate, we are in support of the proposed development. I just have a couple of concerns to raise:</p> <p>1. With the current escalating crime rates in Victoria, particularly in relation to aggravated burglary, youth offending and motor vehicle thefts, will the new development be accounting for additional police resources (including a broader range of staffed hours) to accommodate the extra residents? It is a concern that we will have a direct arterial road connecting to major Geelong highways, which leaves Bannockburn (particularly the new estate and my existing estate) open to increased crime if we don't have policing readily available in our local area to support and deter. As we fall under the Moorabool Police Service Area, we currently draw policing from either Bacchus Marsh or Ballarat when our local station is unmanned. This leaves residents in a vulnerable position, like is already occurring in Fyansford and Batesford.</p> <p>2. I note the proposal includes 2 x government and 1 x private primary schools and 1 x government secondary school. Is there scope or any consideration for a private secondary school? We have a large number of children that commute to Geelong for private secondary education. We currently don't have any options for private secondary education within Golden Plains shire.</p>	2025-06-08 09:10:51
