[REDACTED]	[REDACTED]	I think it is a good idea to expand the precinct around Avalon to potentially allow for new freight handling facilities close to the airport and for the potential for more international airlines to start flying into Avalon allowing for the opportunity for the airport to build new domestic, international and freight buildings. I was also wondering about the Avalon motor park project whether space on the south eastern/ eastern part of the airport could be utilised for this project, attracting Supercars and possible new home for moto gp should they leave Phillip island. The employment opportunities for greater Geelong could also be beneficial for the surrounding region.	N/A	30/11/2025
