

Project: Bendigo Regional Employment Precinct

ID	Q1 Name	Q2. Email	Q4. Submission	Date
[REDACTED]	[REDACTED]	[REDACTED]	<p>Myself and my husband are in support of the proposed BREP and the excellent employment opportunities it will provide.</p> <p>As a Marong resident we would however like some further assurances in relation to the prioritisation and timing of the Marong Western Freight Corridor (MWFC).</p> <p>Our understanding is that the MWFC is a separately funded project with the Department of Transport and Planning with its own timelines. Our concern is if this project is delayed or unsuccessful the increased traffic volumes resulting from the BREP would have a significant negative impact on the residents and town centre of Marong. These impacts would be both in terms of noise and road safety.</p> <p>It would be great to have further information regarding the progress of the MWFC and its likely success and timelines.</p> <p>Furthermore, we would appreciate assurances that the COGB and BREP project team are working closely with the Department of Transport and Planning to coordinate these two projects to ensure any variation in the timing of the completion of these respective projects is minimal.</p>	06/12/2025
